THE MINISTER OF STATE IN THE DEPARTMENT OF REVENUE IN THE MINISTRY OF FINANCE (SHRI AJIT PANJA): (a) and (*>) Synthetic textiles continue to be ■entitive to smuggling into the country. Since smuggling is a clandestine activity, it is not jjeai3ibie t0 estimate the extent of smuggling of synthetic texiles. Smuggling of synthetic fabrics into the country is largely dependent on fluctuating profit margin betwee,, international and odmestic prices.

(c) The anti-smuggling drive has been intensified and the anti-smuggling machinery particularly at the vulnerable areas of the land borders and the coastline and at international airports and seaports has been geared up. Close co-ordination is maintained with all the agencies concerned with the detection and prevention of smuggling.

The Government has also now permitted setting up of new factories and the expansion of existing capacities for the manufacture of polyester fibre and polyester yarn, to enable the manufacturers to achieve economies of scale. This would reduce the cost of the indigenous synthetic textiles and thereby reduce the incentive to their smuggling. As a further measure in the same direction, the fiscal levies on man-made fibres and yam have been reduced with effect from 1st March, 1988.
